DK29BKV Variable Speed Black **\$179.50**

DOUBLE K CHALLENGAIR AIRMAX DRYER

- **ChallengeAir Airmax™ Portable, Dual Motor Forced Air Dryer**
- Revolutionary
- Two Year Warranty

A two-speed, double-motor dryer with noise-deadening, high-impact clamshell housing for quiet, effective use. High velocity forced-air dryer dramatically reduces drying time by blowing water off the coat. Comes with a twist-on hose and three twist-on nozzles (including Double K's Air Sweep nozzle that blows water off the coat in sheets). Dryers are available in standard or variable speed models.

Specifications:

Air Volume: 266 CFM (133 per motor) **Heat:** Warm Air (no heating element)
Amps: 14 **Watts:** 1,485 **Volts:** 110/120
DK30 2-Speed Blue **\$249.50**
DK39BK 2-Speed Black **\$249.50**
DK30V Variable Speed Blue **\$269.50**
DK39BKV Variable Speed Black **\$269.50**

CHALLENGAIR™ EXTREME™ DRYER

2-YEAR WARRANTY

Provides greater effectiveness, air volume, velocity, versatility & value with

LESS NOISE

than any product in its category!

Now you can get greater air volume and better air velocity with less noise! ChallengeAir Extreme Dog Dryers have two turbine motor fan assemblies that are mounted inside noise and vibration-dampening enclosures for remarkably quiet operation. High-impact housing provides easy access to motors and filters. Comes with an 10' twist-on hose and multiple twist-on nozzles, including Double K's "air sweep" nozzle that is designed to blow water off coats in sheets. Dryers are available in standard or variable speeds.

Specifications: Warranty: 2-yr Limited **Max Air Volume:** 248 CFM

Amps: 14.7 **Volts:** 110/120 **Watts:** 1,764

Optional Kit (sold separately) includes:
 6' hose, air diffuser, (3) assorted nozzles & (2) cage attachments.

DK9000II **\$379.00**
DKKIT Optional Kit **\$84.50**

Choice LEASE

Adjustable Spring-Loaded Stand

Locking Casters

Stable 5-Leg Design

Engineered to produce more air with less noise. The powerful airflow "sweeps" excess water from the coat, fluffs hair & dries animals faster than conventional dryers.
